

DESIA

**A digital place to Learn & Promote
Educational Credentials !**

Discovery: Need for awareness, interest and knowledge about digital credentials in education

Step 1: Analysing existing/given well received platforms

Step 2: Filter the most important aspects

- eco-system → integration in schools
- starting point: role model Europass
- peer-to-peer
- reward
- efficiency
- network
- ego

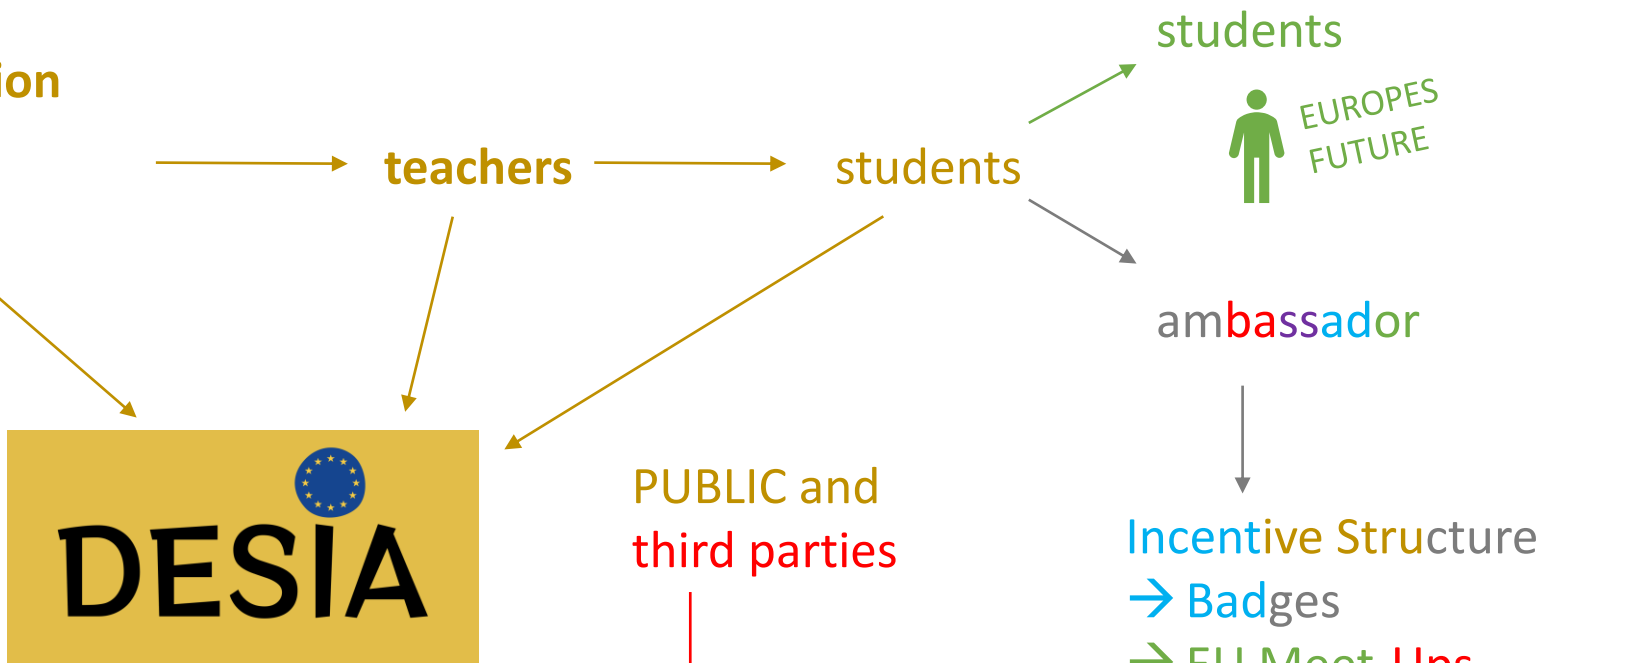

- eco-system
- peer-to-peer
- reward
- efficiency
- network
- visibility

Integration in education

organisations
(schools, universities,
training centres,...)

- training teachers, ambassadors,... → MOOCS
- list of learning organisations
- information and material / CleanSimpleClear
- ambassador journey
